Missouri Weekly Cattle Auction Summary 05/09/22

Receipts: 25,883 Week ago: 24,468 Year ago: 22,571

Compared to last week, calves under 650 lbs. sold unevenly steady with some from 4.00 lower to 2.00 higher, heavier weights especially loads over 800 lbs. sold fully steady to 5.00 higher. The supply of feeders was moderate. Several of the southern sales saw lighter than normal receipts due to weather issues. Heavy rains which totaled 6-7 inches or more in places caused flooding and made it impossible to get cattle moved out of the country in most areas south of I-44. All the northern sales were doing business this week and had fairly large sales with many load lots of heavy weight quality cattle. A load of 839 lb. steers sold at Green City Livestock Auction on Wednesday at 165.75, about ten or so other loads of 8 weights, which sold there and at 4 or 5 other barns all across the state sold from 155.00 to 160.10. An expected multi-day break in the weather with very warm temperatures should give many farmers a window to finally get some crops in the ground especially in the northern half of the state which didn't receive the heavy rains last week. Much of the rest of the Corn Belt is going to burn a lot of diesel and clock some long hours planting as well. Corn futures fell on Friday anticipating farmers wanting to price some crop as soon as they get it in the ground and as of this report Monday morning corn futures are continuing to fall. Boxed beef cutouts lost several dollars again this week, which seems to be mostly a factor of inflation and high gas cost which is cutting in to grocery budgets. Choice closed at 254.44 down 6.34 and select closed at 245.06, down 2.91 compared to last week. Feedlot sales as of Friday afternoon totally just under 108K head although like last week many of these were bought with some time and will not deliver for a few weeks to a month down the road. Live sales were reported mostly from 138.00-146.00, with a few early in the north 148.00-150.00, dressed sales from 230.00-232.00. The Missouri Stocker Formula consist of 6483 head with a weighted average weight of 532.47 lbs. and a price value of 188.88, 1.10 higher than last week. The steer/heifer spread is 27.77.

MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, For the Week: Soybeans 0.23 to 0.76 lower, Wheat 0.51 higher, Corn 0.20 to 0.29 lower, Sorghum 0.29 to 0.34 lower.

MISSOURI WEEKLY HAY SUMMARY 05/05/22

Another week with every little field work accomplished due to weather. As of Monday, 27 percent of the corn crop has been planted in the state which is 25 percent behind the five year average. Areas in south central and southwest had reports totaling over five inches of rain which caused flooding and put many fields underwater. There has been no early haying done at this point when typically, some farmers have started wrapping some hay already. Below average temperatures continue to prevent much grass or hay growth, however the forecast for next week looks to finally bring some sun and warmer days that might finally be a turning point. Hay supplies are moderate, demand is light and prices are steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

- Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale
- Alfalfa - Premium 160.00-200.00
- Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale
- Alfalfa - Fair 100.00-125.00
- Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale
- Mixed grass - Good/Premium 80.00-140.00
- Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale
- Mixed grass - Fair 25.00-55.00 per large round bale
- Wheat straw - 4.00-6.00 per small square bale
