Missouri Steer (Heifer) Stocker Formula for 01/09/2023

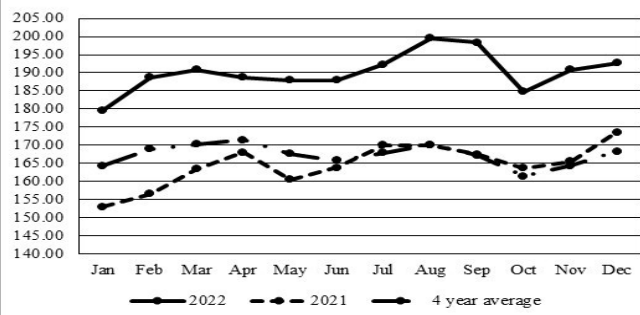

Monday's Missouri Stocker Formula consists of **12,766 (11,731)** head with a weighted average weight of **558.93 (547.79)** lbs. and a price value of **198.48 (174.79)**, with no available comparison to a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

Missouri Weekly Cattle Auction Summary 01/09/2023

Compared to the last test of the market which was two weeks ago in most cases, feeders sold steady to 5.00 higher. There were several instances of 10.00 higher, however some of that had to be attributed to factors of overall better quality and the supply of larger lot sizes compared to the last preholiday sales. The supply of feeders was heavy which was expected as the first full week of the New Year is typically the largest volume week of the year as long as weather cooperates. Here in Missouri the weather did cooperate however there was a few buyers at various barns that were not back in the market yet as winter weather did prevent receiving and processing of new cattle in some states especially Nebraska. Demand was good to very good, buyers were eager to fill orders and earn some commission following the holidays after being off a week or two and feedlot managers were ready to put some cattle back into pens. Load lots were plentiful with roughly 125 load and multi load lots sold around the state at auction barns this week. The largest draft was 396 head of 677 lb. heifers which sold for 180.00 at Windsor Livestock Action, which was hosting the qualifying for the World Livestock Auctioneer Championship. Another eye catching sale was 59 head of 919 lb. steers which sold for 177.10 at Callaway Livestock Center. State wide over 2200 head of Medium and Large 1 steers 600-650 lbs. averaged 191.10. The slaughter cow market was sharply higher this week adding some value to the cull cows as momma cows continue to leave farms and has yet to really slow down. Boxed beef cutouts were mixed as choice closed at 281.63, down 0.35 and select closed at 256.95, up 6.02 compared to last Friday. Negotiated feedlot sales as of Friday afternoon was just under 68k head. Live sales were reported mostly from 157.00-160.00, dressed sales mostly at 252.00. The Missouri Stocker Formula consist of 12,766 head with a weighted average weight of 558.93 lbs. and a price value of 198.48, no comparison last week due to the holidays. The steer/heifer spread is 23.69.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

01/06/2023

Thus far for Friday in Nebraska negotiated cash trading has been slow on light demand. Compared to last week live purchases traded 1.00 lower at 157.00, on a light test. A few dressed purchases traded steady with the last reported market on Thursday at 252.00. In the Western Cornbelt negotiated cash trading has been light on light demand. In the Southern Plains negotiated cash trading has been mostly inactive on very light demand. Not enough purchases in these three regions for a full market trend. In the Southern Plains on Thursday live purchases traded at 157.00. In the Western Cornbelt on Thursday live and dressed purchases traded from 158.00-160.00 and at 252.00, respectively.

GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

01/03/2023

Total corn consumed for alcohol and other uses was 498 million bushels in November 2022. Total corn consumption was down 1 percent from October 2022 and down 4 percent from November 2021. November 2022 usage included 91.9 percent for alcohol and 8.1 percent for other purposes. Corn consumed for beverage alcohol totaled 4.42 million bushels, down 4 percent from October 2022 and down 8 percent from November 2021. Corn for fuel alcohol, at 447 million bushels, was down less than 1 percent from October 2022 and down 4 percent from November 2021. Corn consumed in November 2022 for dry milling fuel production and wet milling fuel production was 92.2 percent and 7.8 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.78 million tons during November 2022, up 2 percent from October 2022 but down 11 percent from November 2021. Distillers wet grains (DWG) 65 percent or more moisture was 1.46 million tons in November 2022, up 5 percent from October 2022 and up 10 percent from November 2021.

Wet mill corn gluten feed production was 277,379 tons during November 2022, up 3 percent from October 2022 but down less than 1 percent from November 2021. Wet corn gluten feed 40 to 60 percent moisture was 203,891 tons in November 2022, down 2 percent from October 2022 and down 3 percent from November 2021.

FATS AND OILS: OILSEED CRUSHINGS, PRODUCTION, CONSUMPTION AND STOCKS 01/03/2023

Soybeans crushed for crude oil was 5.68 million tons (189 million bushels) in November 2022, compared with 5.90 million tons (197 million bushels) in October 2022 and 5.72 million tons (191 million bushels) in November 2021. Crude oil produced was 2.20 billion pounds down 6 percent from October 2022 and down 2 percent from November 2021. Soybean once refined oil production at 1.63 billion pounds during November 2022 decreased 9 percent from October 2022 and decreased 2 percent from November 2021.

Canola seeds crushed for crude oil was 180,750 tons in November 2022, compared with 208,459 tons in October 2022 and 160,197 tons in November 2021. Canola crude oil produced was 145 million pounds, down 15 percent from October 2022 but up 16 percent from November 2021. Canola once refined oil production, at 144 million pounds during November 2022, was down 10 percent from October 2022 but up 3 percent from November 2021.

Cottonseed once refined oil production, at 37.1 million pounds during November 2022, was down 7 percent from October 2022 but up 15 percent from November 2021.

Edible tallow production was 69.4 million pounds during November 2022, down 14 percent from October 2022 and down 20 percent from November 2021. Inedible tallow production was 361 million pounds during November 2022, down 4 percent from October 2022 and down 4 percent from November 2021. Technical tallow production was 125 million pounds during November 2022, up 10 percent from October 2022 but down less than 1 percent from November 2021. Choice white grease production, at 117 million pounds during November 2022, increased 8 percent from October 2022 but decreased 10 percent from November 2021.

MISSOURI WEEKLY HAY SUMMARY 01/05/2023

Following the deep freeze just prior to Christmas, weather conditions have been awfully pleasant over the last two weeks. Rains and warm temperatures which actually set new record highs in a few locations has caused some mud to develop. Although 50 percent of the state still silt showing on the drought monitor one farmer that was in one of the drier regions of the state reported there has been enough rain to make water run out the overflow of his pond and he couldn't recall the last time that happened. Quite a bit of hay moving around the state currently both locally on small trailers and some moving longer distances by the semi loads. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 180.00-250.00
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale
Alfalfa - Fair 125.00-150.00
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale
Mixed grass - Good/Premium 125.00-175.00
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale
Mixed grass - Fair 50.00-85.00 per large round bale
Con stalk - 35.00 per round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.
